

## Designed for today's seniors

Linda Manor Assisted Living, which opened in 2014, offers supportive retirement living with a higher level of care available for those living with memory impairment such as Alzheimer's or dementia. Our beautiful community draws on the successes established in our sister community, Kimball Farms PineHill Assisted Living, to create a welcoming assisted living community with a distinct, secure memory care neighborhood.

## Who are we?

Integritus Healthcare is a non-profit, Massachusetts-based organization offering senior housing, skilled nursing, post-acute rehabilitation, memory care, hospice and palliative care.

We are dedicated to helping older adults regain abilities whenever possible, creating a supportive, homelike environment for those needing long-term care. We also provide senior living housing options and a compassionate hospice experience for those with life-limiting illnesses in the communities we serve.

## It's ALL included at Linda Manor

Lunch. A trip to the doctor's office. Laundry. Medication management. Exercise classes. At Linda Manor, it's all included – and your monthly rental rate won't change if you start to require more care.

Traditionally, assisted living communities charge a monthly rental rate, plus a level-of-care fee, based upon how much care is needed. At Linda Manor, we offer All-inclusive Rates, so our residents don't need to worry if they need more care someday. With all-inclusive care, our staff is able to focus on each resident's needs in that moment. Our Wellness Nurse is available 24 hours a day, 7 days a week to monitor health.

Residents receive assistance with personal care including bathing, grooming, dressing, eating, toileting, ambulation and medication management as necessary for one all-inclusive rate. The only additional fees are for telephone, cable and guest meals, not for individual care.

## Assisted Living

At Linda Manor Assisted Living, residents enjoy retirement living with elegant meals, creative activities and the support to live the way they choose.

### Our assisted living lifestyle includes:

- Personal care including assistance with bathing, dressing, grooming and ambulation, as well as medication management
- Choice of studio and one-bedroom apartments with kitchenette, private bath and alert system
- Health monitoring by our licensed Community Nurse
- Three healthy, flavorful meals each day featuring fresh, local ingredients
- Fitness center, community rooms, and walking trails
- Home maintenance, housekeeping and personal laundry service
- Creative, engaging activities and social events
- Transportation for shopping and appointments.

## Life Enrichment Memory Care Program

Our memory care program follows the habilitation model and involves joining residents in their reality. As a result, both our activities and dining programs accommodate each resident's personal internal clock with options available at the best time for each resident. Residents enjoy meaningful activities that help them connect with the world around them and maintain their abilities.

- Neighborhood designed for familiarity, with artwork and color cues
- Three nutritious meals each day, with all-day options and alternative menus
- Resident Care Partners for assistance with daily routines 24 hours a day, seven days a week
- Days planned around each resident's internal clock, with activities presented at times best for each resident
- Creative pet therapy and intergenerational programs.
